

source\_region::wide\_path

```
graph LR; A[source_region::wide_path] --> B[path::empty]
```

A diagram showing a transition from a source state to a target state. The source state is represented by a white rectangular box with a dark gray border containing the text 'source\_region::wide\_path'. A blue arrow points from the right side of this box to the left side of a gray rectangular box with a dark gray border, which contains the text 'path::empty'.

path::empty
